Dear Zwicky Family:

Thank you for your correspondence of May 20, 2010.

To ensure that Canada's recovery from the global recession is secured, Budget 2010 delivers on our Government's commitment to complete the implementation of Canada's Economic Action Plan. The Economic Action Plan was introduced last year as a two-year plan to create and maintain jobs and foster growth, both for today and tomorrow.

The tax reductions in the Economic Action Plan reinforce our Government's ambitious agenda of tax relief aimed at creating a tax system that improves standards of living, and fuels job creation and investment in Canada. Actions we have taken since 2006, including those in the Economic Action Plan, will reduce taxes on individuals, families and businesses by an estimated \$220 billion over 2008-09 and the following five fiscal years.

Looking ahead to future budgets, our Government will continue to examine ways to improve the tax system while taking into account competing needs and available fiscal resources. In this regard, your views are very much appreciated.

Thank you for writing.

Sincerely,
